

SPECIFICATIONS

Housing: Die formed .060" aluminum welded construction, sky white. See finish note.

Housing Door: Die formed .060" aluminum welded construction with rubber "U" shaped gasket. (4) Stainless steel catches securely lock door to housing and provide quick entry without tools.

Lens: High impact, heat resistant, prismatic polycarbonate for widespread light distribution. Silicone caulked to door.

Reflector: One piece die formed .060" aluminum, finished high gloss white (90% reflectance) polyester powder coating. See finish note.

Ballast: OSRAM SYLVANIA QUICTRONIC® high frequency electronic ballast. Operating in a range of 120 to 277 volts 50 or 60 Hz.

Lamp: SYLVANIA ICETRON® lamp from OSRAM SYLVANIA. Inductively coupled electrode less fluorescent lamp with average rated life 100,000 hours CRI=80 color temp 4100K (3500K and 5000K available).

Finish: Sky white, detergent cleaned with iron phosphate and chromic acid rust inhibitor. Chip resistant TGIC powder urethane polyester coating, electrostatic applied and baked. Custom colors are available. Consult factory or sales representative.

Fixture Warranty: The mechanics are guaranteed to be free from defective material and workmanship, under normal installation and operating conditions, for five years from date of shipment from the factory. All induction system components are warranted by the original manufacturer of the induction lighting system components, and subject to that manufacturer's warranty.

Photometric Information: Contact factory.

Labels: ETL listed suitable for wet location. I.B.E.W. labeled.
